RESOLUTIONS:

Mr. JENNISSEN – Northern Transportation

23. WHEREAS transportation involves the movement of people or goods by road, air, water and rail; and

WHEREAS northern Manitoba is a storehouse of wealth and opportunity from mineral deposits to timber; and

WHEREAS the stunning beauty of the north has spurred the development of a strong tourism industry highlighting the culturally diverse people who live in northern Manitoba; and

WHEREAS quality transportation routes in northern Manitoba are important for many reasons including the transportation of food, fuel, and building materials; medical patients and personnel; the development of commerce and economic opportunities; and the promotion of tourism; and

WHEREAS the winter toll roads in north-western Manitoba were in existence until the late 1990's and were an unfair and heavy handed tax on the people of that region until the toll was finally removed; and

WHEREAS many northern communities do not even have all-weather roads and the rest may be linked by a single road, which becomes the only lifeline to the south; and

WHEREAS with Federal Government support the Province has realigned a number of winter road systems, particularly in the Lynn Lake, Brochet, Lac Brochet and Tadoule Lake area; and

WHEREAS since 1999 the Provincial Government has doubled spending on winter roads which serve over 38,000 Manitobans in 24 communities and carry roughly 2,500 shipments of goods like fuel and construction supplies; and

WHEREAS the historic 4 billion commitment in roads over the next 10 years will have a decidedly positive impact across the province including northern Manitoba; and

WHEREAS the building of these highways and roads are proceeding with community consultation insuring that the people living in the area are directly involved with the planning process; and

WHEREAS the new and renovated airports in the north are increasing the number of high load-carrying aircraft thereby lowering freight costs; and

WHEREAS new airport terminals have opened in Island Lake, Gods River, Oxford House, Lac Brochet, York Landing, Thicket Portage, Pikwitonei and Gods Lake Narrows greatly improving transportation and access to the north; and

WHEREAS in 2005/2006 the Federal Government collected \$ 151 million dollars in fuel taxes and only spent \$ 14 million dollars on transportation in all of Manitoba; and

WHEREAS fuel taxes collected in Manitoba should be spent in Manitoba; and

WHEREAS the positive investment by the Federal and Provincial Governments into the Hudson Bay rail line and the Port of Churchill recognize Manitoba's sea port as a vital and essential transportation corridor to other markets in Canada and around the world;

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba support the efforts of the Provincial Government in continuing to invest in northern infrastructure to develop the economic potential of Manitoba's majestic north; and

BE IT FURTHER RESOLVED that the Legislative Assembly of Manitoba urge the Federal Government to spend 100% of the fuel taxes collected from Manitobans on Manitoba transportation initiatives.
