WHEREAS this challenging journey is deepened due to the high costs of infertility treatments; and

WHEREAS this Provincial Government strives to meet the health needs of diverse populations; and

WHEREAS supporting fertility treatments for women wanting to have children advances gender equity and helps bridge socioeconomic gaps by making motherhood more accessible for everyone, while also helping our population grow; and

WHEREAS this Provincial Government has made prenatal and maternal care a priority through a number of its initiatives and programs; and

WHEREAS this Provincial Government already covers all examinations and tests required to determine the reasons for infertility as well as corrective surgery if that will relieve the cause of infertility; and
