NOTICE PAPER

NOTICE OF MOTION FOR THURSDAY, MAY 19, 2011:

PROPOSED RESOLUTION:

Mr. MAGUIRE – Moose Management

11. WHEREAS stemming plummeting Manitoba moose populations, particularly in certain Game Hunting Areas in the Duck Mountain and Lac du Bonnet regions, requires meaningful action and leadership from the Provincial Government; and

WHEREAS the Premier admitted in a March 18, 2011 news release, “If moose populations decline too much there is a risk the population may not recover or the recovery period will be extended over many years...”; and

WHEREAS the Wuskwi Sipihk First Nation has recognized the decimation of the moose population in three hunting areas in their traditional territory; and

WHEREAS the Wuskwi Sipihk First Nation recently passed an historic resolution enacting a five-year moose hunting closure on all their lands applicable to all hunters to protect the recovery of the moose population; and

WHEREAS other stakeholders such as the Manitoba Wildlife Federation have stated their support for temporary conservation closures in targeted Game Hunting Areas to help protect vulnerable moose populations and to facilitate their recovery; and

WHEREAS the Provincial Government was woefully slow in developing a plan to address declining moose populations and the plan did not include a critical tool, namely the use of temporary conservation closures; and

WHEREAS population surveys indicate temporary conservation closures are needed immediately and these closures will allow time for consultations to be completed.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to concede that it erred in not announcing that it would use temporary conservation closures as a tool to protect vulnerable moose populations; and

BE IT FURTHER RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to immediately make use of temporary moose conservation closures in select Gaming Hunting Areas so that moose populations can recover to sustainable levels.
