Braden Mackay
Koch Fertilizer Canada, ULC
1400-17th Street East
Brandon MB R7A 7C4

Dear Braden Mackay:

**Re: Koch Fertilizer Canada, ULC (Koch) – Environment Act Licence No. 1535
RR Notice of Alteration**

Receipt of your March 4, 2021 submission is acknowledged as a notice of alteration in accordance with Section 14 of The Environment Act. The requested change to the Development as Licensed is the installation and operation of a Continuous Emission Monitoring System (CEMS) within the #1 Nitric Acid manufacturing plant. Specifically, the CEMS unit will be used to collect more accurate operating data in order to support the federal Greenhouse Gas reporting. The information provided states that the installation of the CEMS unit will not alter the manufacturing process of Nitric Acid.

The potential environmental effect of the requested changes to the Development as Licensed is insignificant and considered to be a minor alteration in accordance with Section 14(2) of The Environment Act. Approval is hereby granted for the installation and operation of the CEMS as described in the March 4, 2021 submission.

If you have any questions, please contact Jennifer Winsor, P.Eng.
Environmental Engineer, at Jennifer.Winsor@gov.mb.ca or 204-945-7012.

Yours sincerely,
