Dear Ms. Bauer:

**Re: San Gold Corporation - Environment Act Licence No. 2628RR – Notice of Alteration**

Receipt of your June 3, 2015 submission is acknowledged as a notice of alteration in accordance with section 14 of *The Environment Act*.

The requested change to the Development as Licensed is to utilize the newly constructed east tailings pond as a temporary polishing pond for discharge purposes. Specifically, the request is to discharge between 750,000 m<sup>3</sup> to 900,000m<sup>3</sup> of polishing pond water from the east tailings pond directly to the environment via the No Name Creek discharge point.

The potential environmental effect of the requested change to the Development as Licensed is insignificant and considered to be a minor alteration in accordance with section 14(2) of *The Environment Act*. The request to discharge the polishing pond water from the east tailings pond to the environment as described in the June 3, 2015 submission is hereby approved. All limits, terms and conditions of Environment Act Licence No. 2628RR must continue to be met as well as all requirements of the *Metal Mining Effluent Regulations* (MMER).

If you have any questions, please contact Jennifer Winsor, P.Eng. at 204-945-7012.

Yours sincerely,
