London, ON N6A 4T1

Dear Mr. Pinette:

Re: Addition of Red Dot Production Capacity (NCE 1C) – Notice of Alteration

Thank you for the Notice of Alteration (NoA) submitted on August 20, 2013 that described the addition of a Red Dot production capacity (NCE 1C Line) to the 3M Canada Morden manufacturing facility. The alteration includes the installation of a third ultraviolet (UV) curing oven exhaust to the roof.

Upon review of your alteration request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed alteration as described in the August 20, 2013 Notice of Alteration.

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours truly,
