Dear Mr. Pinette:

Re: 3M Canada – Equipment Decommissioning - Notice of Alteration

Thank you for the Notice of Alteration submitted on February 21 and February 26, 2020 in which you notified the removal of the equipment of Line 4 used for processing powder materials. You have also indicated the removal of an exhaust stack that has not been used since 2005 at the 3M Canada Morden manufacturing facility.

Upon review of your alteration request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of The Environment Act you are hereby approved for the proposed alteration as described in the February 21 and 26, 2020 Notice of Alteration.

If you have any questions regarding this matter, please contact Tyler Kneeshaw, Regional Supervisor at (204) 239-3608.

Yours sincerely,
