Mr. Sheldon Stott  
Director of Environmental Affairs  
HyLife Foods Ltd.  
Box 10000, 623 Main Street  
Neepawa, MB R3C 1A5

Dear Mr. Stott:

**Re: R3 Innovations Inc. and the Town of Neepawa – Environment Act Licence No. 2870R –  
Notice of Alteration**

Receipt of your letter received on October 27, 2015 is acknowledged as a Notice of Alteration in accordance with section 14 of *The Environment Act*.

The requested change to the development as Licensed is to participate in a 12-month trial of an “in vessel compost machine” at the Enviroclean Landfill Solutions (Enviroclean) facility located in Morden, MB and operating under Environment Act Licence No. 2999.

Specifically, the request is to transport dried biosolids produced at the R3 Innovations Inc. industrial wastewater treatment facility to Enviroclean, up to a maximum amount of 6 tons per day. Enviroclean will assume all responsibility for the transportation of the biosolids and the treatment of the material at the Morden facility.

The potential environmental effect of the requested change to the Development as Licensed is insignificant and considered to be a minor alteration in accordance with section 14(2) of *The Environment Act*. The requested change to the Development as described in the October 27, 2015 submission is hereby approved. Once a start date for the 12-month trial has been determined, you are required to provide notification to the assigned Environment Officer not less than two weeks prior to the beginning of the trial period.

If you have any questions, please contact Peter Crocker at 204-726-6565.

Yours sincerely,

**“original signed by”**
