Dear Mr. Belisle:

**Re: Notice of Alteration – Agrium Bloom – Licence No. 1331 RRR**

Thank you for your letter dated December 5, 2019, requesting approval to proceed with increase capacity at 45 West Site 66028 at SE 04-12-08 WPM in the Rural Municipality of Portage la Prairie. Specifically you have indicated upgrades to increase capacity with an additional 230 tonne capacity pressurized anhydrous ammonia bullet.

The Environmental Approvals Branch is processing this request as a minor alteration to Environment Act Licence No. 1331 RRR, pursuant to clause 14(2) of The Environment Act. It has been determined that the potential environmental effects from upgrades are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act Licence No. 1331 RRR.

I hereby grant approval to Agrium Inc. to implement the proposed alteration.

If you have any questions on this matter, please contact Krystal Penner of this office at (204) 945-7107. For any operational issues please contact the Regional Supervisor, Tyler Kneeshaw at (204) 239-3608.

Yours sincerely,

Siobhan Burland-Ross, M.Eng., P.Eng.
