Dear Mr. Anderson:

Re: Environment Act Licence 1599R - RM of MacDonald Regional Water Supply Notice of Alteration

This will acknowledge receipt of your letter, dated May 2nd 2016, regarding the proposed alteration to Environment Act Licence no. 1599R issued to the Rural Municipality of MacDonald.

Your letter requests approval for construction of a new raw water impoundment pond at the existing Sanford Water Treatment Plant in addition to a new aeration system and berm alterations.

As the potential environmental effects resulting from the proposed alteration are not expected to be significant and can be addressed through existing licensing conditions, the alteration is hereby approved pursuant to Section 14(2) of the Environment Act.

Should you have any questions about the review process, please contact Darrell Ouimet at (204) 803-1389 or Darrell.Ouimet@gov.mb.ca.

Yours sincerely,

“original signed by”
