Dear Mr. Maxwell :

Re: H & A Double Diamond Company Ltd. - Environment Act Licence No. 1792 R

It recently came to our attention from the Environmental Compliance and Enforcement Branch, that the H and A Double Diamond Company Ltd. current Environment Act License does not accurately reflect the legal land location of this facility, as was noted from a recent inspection of the site.

The current land location is recognized as being NW 4-3-11 WPM in the Rural Municipality of Louise, Environment Act Licence No. 1792 R inaccurately sites the location as being NW 4-2-11. This was an oversight when the Licence was issued on August 28, 1997. The Environmental Approvals Branch has processed this request as a minor alteration to Environment Act Licence No. 1792 R pursuant to clause 14(2) of *The Environment Act*. It has been determined that the potential environmental effects from this request are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act Licence No. 1792 R.

If you should have any questions on this matter, please contact Ms. Krystal Penner of this office at (204) 945-7107. For any operational issues please contact the District Supervisor – Tyler Kneeshaw at (204) 239-3608.

Yours sincerely,
