Subject: 2018-02-06_Final Authorization to Use Secondary Cell of Fairway Colony Wastewater Treatment Lagoon _file 3960.00

Dear Andy Wollman,

Good afternoon. This email is in follow up to my previous interim authorization letter dated November 4, 2016. The November 4, 2016 interim authorization letter required submission of a final construction certification report. In accordance with the final construction certification report dated November 18, 2016 and an amended report dated May 1, 2017, submitted by E.F. Moon Construction Ltd., authorization is provided to operate the secondary cell of the lagoon. Record drawings for the facility are due within one month of the date of this email (i.e., by March 6, 2019) as required by Clause 10 of Environment Act Licence No. 2095 R.

If you have any questions regarding this matter, please feel free to contact me.

Thanks,

Regards,

Asit Dey, P.Eng., Environmental Engineer
