Dear Mr St. Pierre:

**Re: New Flyer Industries Canada - Licence No. 2528 E RR Notice of Alteration**

Thank you for the Notice of Alteration (NoA) dated January 18, 2017 that requests an approval to install a roof exhaust fan at the New Flyer Industries Canada manufacturing facility located at 711 Kernaghan Avenue in Winnipeg. The installation is to remove heat from the automated paint line drying oven. It is understood that there is no change in VOC and particulate emission from the facility while the noise level from the exhaust fan is within acceptable range.

Upon review of your alteration request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act*, you are hereby authorized to carry out the proposed alteration as described in the January 18, 2017 Notice of Alteration.

If you require further information regarding this matter, please contact Eshetu Beshada at (204) 945-7023 or [Eshetu.Beshada@gov.mb.ca](mailto:Eshetu.Beshada@gov.mb.ca).

Yours sincerely,

Tracey Braun, M.Sc.  
Director
