Dear Mr. Zulyniak:

Re: Kitchen Craft – Notice of Alteration and Licence Revision

Thank you for your email dated November 7, 2014 in which you requested a variance to Licence 2625R Clause 38. Your email is considered a Notice of Alteration (NoA) in accordance with Section 14 of *The Environment Act*. You proposed to divert waste wood that consisted of stained virgin wood, MDF, melamine, particle board and veneer from landfill and use it for composting or for animal bedding. It is considered that composting will take place at an approved composting facility.

Upon review of your alteration request, I have concluded that the environmental effects of the NoA will be insignificant, and therefore in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed alteration as described in the November 7, 2014 NoA. This approval is conditional on your acceptance of the attached revised Environment Act Licence .

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours sincerely,
