Dear Mr. Befus:

**Re: Notice of Alteration – Dangerous Goods Handling and Transportation Act Licence 220 HW R – Receipt, Consolidation, Bulking and Shipping of Class 6.1 Solid, Inorganic N.O.S materials**

Thank you for your December 1, 2015 Request for Amendment to Dangerous Goods Handling and Transportation Act Licence No. 220 HW R for the Tervita Corporation (formerly Hazco Environmental Services) hazardous waste collection facility. The amendment consists of allowing the receipt, handling, consolidating and shipping of TOXIC SOLID, INORGANIC, N.O.S. (Waste, Wastewater Sludge) Class 6.1, UN3288, PGII materials, and inclusion of roll-off trailers for material storage/transport.

Upon review of your amendment request, I have concluded that the environmental effects of the proposed amendment will be insignificant, and, therefore, you are hereby authorized to carry out the proposed amendment as described in the December 1, 2015 Notice of Alteration .

Please be advised that this approval is contingent on the acceptance of a revised Dangerous Goods Handling and Transportation Act Licence that will be issued in the near future. If you have any questions regarding this matter, please contact Ms. Cory Switzer, Environmental Engineer at 204-250-7645.

Yours sincerely,
