Dear Sirs:

**RE: Industrial Metals (2011) – Environment Act Licence 2856 RRRR  
2018 Annual Report**

This is in reference to the 2018 Annual Report submitted on July 31, 2019 and the additional information provided in an email dated December 3, 2019, Manitoba Conservation and Climate wish to inform you that the some of the information provided was inadequate as indicated in previous letter dated September 20, 2019 (enclosed).

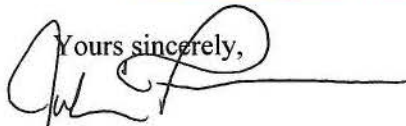

Manitoba Conservation and Climate requires Industrial Metals (2011) to comply with the following in the future submissions of the Annual Reports:

- Noise monitoring conducted using a precision sound meter as defined in the City of Winnipeg By-Law 1/2008;
- Elaboration of details on what has been completed as part of the noise reduction program, including any investigation into new technologies, changes to operating procedures etc.; and
- Analytical results of ASR samples taken and analyzed quarterly, rather than at year end.

This is to remind you that the 2019 Annual Report is due **March 1, 2020**.

If you have any questions regarding the above, please contact the undersigned at 204-945-7104, or via email: [Julie.froese@gov.mb.ca](mailto:Julie.froese@gov.mb.ca).

Yours sincerely,

Julie Froese  
Environment Officer, Environmental Compliance and Enforcement Branch

Encl.
