Dear James:

**RE: Bipole III Transmission Project (Licence 3055) – Licence Conditions # 57 & 58**

Pursuant to conditions 57 and 58 of the Bipole III Transmission Project Environment Act Licence #3055, please find attached the Bipole III socio-economic monitoring program report for 2018 and the Bipole III socio-economic monitoring program summary report for construction.

I have also attached revised Bipole III socio-economic monitoring program reports for 2014, 2015, 2016 and 2017. The data provided for the annual reports was interpreted as annual data, though it was cumulative in nature (from the beginning of the project in each annual case). The annual reports have been updated so that the data characterizations and comparisons match the cumulative nature of the data.

Should you have any questions or require further clarification, please do not hesitate to contact me at 204-360-3119.

James Matthewson
