Mr. Darcy Strandberg  
A/Manager, Solid Waste Services  
City of Winnipeg  
1120 Waverley Street  
Winnipeg, MB R3T 0P4

Dear Mr. Strandberg:

**Re: Brady Road Resource Management Facility – Clause 46 request – Licence 3081R**

Manitoba Conservation and Water Stewardship has reviewed your letter of July 23, 2015 requesting an amendment of Clause 46 to allow for the City of Winnipeg, as Licencee, to authorize access of specific contractors outside of regular working hours.

This office authorizes the request as presented for a one year trial period. This temporary authorization is subject to:

1. for each project, provide notification to the department in advance as to the proposed dates of after hours access, the material received or construction activity to occur and identification of the Licencee's Designate for supervision. Notification shall be provided to Environment Officer Sonja Bridges, via email at [sonja.bridges@gov.mb.ca](mailto:sonja.bridges@gov.mb.ca); and
2. ensuring a City of Winnipeg Duty Officer, with supervisory capacity, is available 24 hours a day to attend the site to address any issues that may arise outside of regular operating hours regarding the security of the development.

At the end of the one year period, starting from the date of this letter, a summary of the occurrences that required Licencee approved contractors to access the site, and the materials which were received or construction activities that occurred outside normal operating hours, shall be submitted to the Director. The submission should include a formal Notice of Alteration, if the City wishes to have the authorization implemented permanently or the request may be altered based upon your operational experience.

If you have any questions regarding this matter, please contact Ms. Cory Switzer of this office at (204) 250-7645.

Yours truly,

*“original signed by”*

Tracey Braun, M.Sc.  
Director
