Dear Mr. Dack:

**Re: Custom Castings – Installation of Filter Media and Furnace Decommissioning**

Thank you for your Notice of Alteration (NoA) dated February 16 and 18, 2016 in which you notified of the following two alterations at your Custom Castings facility:

1. The installation of an upgraded filter media in the pollution control devices for SF-6, SF-10 and T13 processes to remove more particulate from the exhaust air stream and improve the ambient air quality.
2. Decommission and removed the gas fired furnace #8 as per the plant upgrade schedule.

Upon review of your alteration request, I have concluded that the environmental effects of the NoA will be insignificant, and therefore in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed alteration as described in the February 16, 2016 NoA. This approval is conditional on the submission of the results for the proposed test to evaluate the performance of the filter media.

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours sincerely,
