Dear Mr. Dack:

**Re: Custom Castings – Furnace T13-F2 Exhaust Stack Upgrade**

Thank you for the Notice of Alteration (NoA) dated March 7, 2017 in which you notified us of a plan to raise the stack height by five meters for the Furnace T13-F2 (M4) exhaust line. The existing general exhaust fan will be removed and replaced with a venture collar equipped stack. The installation of the stack is as per the plant upgrade schedule for Custom Castings facility.

Upon review of your alteration request, I have concluded that the environmental effects of the NoA will be insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed alteration as described in the March 7, 2017 NoA.

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours sincerely,

Tracey Braun, M.Sc.  
Director
