Dear Mr. Maille:

Re: Madison 115-24 kV Station Project – Environment Act Licence No. 3054

Thank you for your letter dated August 8, 2014, submitted on behalf of Manitoba Hydro, which provides notification of the change in the volume of oil for the transformers relating to the above mentioned project.

It has been determined that the potential environmental effects from the change in oil volume are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act Licence No. 3054. In accordance with Section 14(2) of *The Environment Act*, I am hereby granting approval to Manitoba Hydro to implement the proposed alteration.

Please note that approval of an Oil Containment Assessment as required in Clause 8 of Environment Act Licence No. 3054 is still required.

If you have any questions regarding this matter, please contact Ms. Elise Dagdick of this office at (204) 619-0709.

Yours truly,
