Dear Mr. Perreault:

**Re: Environment Act Licence No. 3038- Construction and operation of a wastewater treatment lagoon located in the southeast corner of Section 19-08-16 EPM in Whiteshell Provincial Park**

I am responding to your April 5, 2016 letter request for an extension to commence construction of the Development for the Whiteshell Provincial Park wastewater treatment lagoon. Clause B of the “Review and Revocation” section of Environment Act Licence No. 3038 specifies that the construction of the Development must commence within three years of the date of the Licence or the Licence would be revoked.

I understand that due to unavoidable circumstances, the construction could not occur within three years. The deadline for commencing construction of the Development is hereby extended to April 30, 2018.

If you have any questions regarding the foregoing, please contact Barsha Sagan at [barsha.sagan@gov.mb.ca](mailto:barsha.sagan@gov.mb.ca) or 204-945-5234.

Yours sincerely,
