RE: EOG Resources Canada Inc. 2013 Pipeline Project Information Session

EOG Resources Canada Inc. (EOG) would like to invite you and your family to an Information Session at the Pierson Community Hall on Thursday, October 25, 2012 from 1200hrs to 1700hrs for an informal discussion on a proposed pipeline project.

EOG is proposing to construct a new 32km (20 mile) Sweet Natural Gas pipeline from a new EOG Oil Battery at 04-01-02-28W1 just North of Lyleton, Manitoba to a future proposed Many Islands Pipe Lines (Canada) Limited (MIPL) facility at 5-6-3-29W1M near Gainsborough, Saskatchewan. The proposed EOG pipeline will be entirely within the province of Manitoba and will be constructed of steel 6" (168.3 mm) O.D. pipe and will transport sweet natural gas.

EOG will have representatives from Construction, Engineering, Environment, Land, and Operations to answer any questions or concerns you might have. If you will be unable to attend the Information Sessions, the below listed contact can answer questions you might have.

We look forward to seeing you.

Sincerely,

Kevin Marshall, P.Eng.
Production Engineer
