**Subject:** RE: File 5691 HD Graphics EAP Review Comments to be addressed

Hi Eshetu,

Most of our concerns are addressed. There are still issues with more than a single family dwelling connected to sewage ejector system, however, as process wastewater is no longer routed to the system, we can follow that up separately from the EAL.

Regards,

Larry Markwart  
(204) 392-3227

**Cc:** 'Peter Bowyer'  
**Subject:** RE: File 5691 HD Graphics EAP Review Comments to be addressed

Hello Beshada,

As per our phone conversation on the phone, here is the info you have requested on the ECE form:

All of the waste water from HD Graphics Printed processes, including all chemicals, and inks is now being filtered through the close looped filtration system that we provided information on in our proposal. It is not connected to the

Ejector system. The specs and information on that system were provided in our proposal, it was built by "The Water Doctor" company.

There are a series of carbon filters that are attached to the system that "The Water Doctor" company will be taking care of cleaning and having the waste disposed of by millar environmental, allowing HD to continue operations with no waste discharging through our ejector system.

The items outlined in the ECE that are acceptable to be disposed of through the Ejector system is now all that is being disposed of.

I have carbon copied Peter Bowyer from HD on this email, he will be providing you with the Fire Plan that the municipality has requested. He is our Operations Manager here.

I will be out of the office until Feb 9<sup>th</sup>, but will have access to email during that time. Feel free to email me with any comments/concerns/requests.

Thank you

Derek Eastveld  
President  
HD Graphics Inc

**Subject:** File 5691 HD Graphics EAP Review Comments to be addressed

Hello Derek,

The review period for the EAP you submitted has been closed on December 16, 2014. Please address the attached concern mentioned by Environmental Compliance and Enforcement Branch. Please send your response directly to me. You are required to submit your response by January 16, 2015.

The comment from the Office of Fire Commissioner is for your information to update the fire safety plan as requested. You do not need to reply to me for this request.

If you have any question on this issue please do not hesitate to contact me.

Regards
