Dear Ms. Johnson:

**Re: Environment Act Licence No. 3103 – Notice of Alteration**

This letter will acknowledge receipt of your letter, dated April 30, 2015, regarding the proposed alteration to Environment Act Licence no. 3103 issued to Manitoba Hydro for the construction, operation, maintenance and decommissioning of the Tyndall Transmission Project.

Your letter requests an alteration to move two towers 10m to the west to give clearance to a high pressure gas transmission line. Your letter also requests to revert to the original alignment in the Environment Act proposal which was subsequently altered pursuant to the approval of the Notice of Alteration, dated February 21, 2014.

As the potential environmental effects resulting from these alterations are insignificant, the alterations are hereby approved pursuant to Section 14(2) of the Environment Act.

Should you have any questions about the review process, please contact Darrell Ouimet at (204) 803-1389 or [Darrell.Ouimet@gov.mb.ca](mailto:Darrell.Ouimet@gov.mb.ca).

Yours truly,
