Michael.Foth@gov.mb.ca

Dear Michael Foth:

Re: Manitoba Transportation and Infrastructure - Environment Act Licence No. 3131 R - Notice of Alteration Approval

Thank you for your notice of alteration dated September 13, 2024. The department understands you wish to raise the dike on lengths 4 and 5 of the existing St Adolphe Ring Dike to a 1:200 Flood Protection Level. This work will increase the community's flood protection from a one in 100-year flood to a one in 200-year flood event.

I approve the alteration per Section 14(2) of The Environment Act with the following conditions:

The licensee must:

1. adhere to the commitments made in the notice of alteration dated September 13, 2024;
2. restrict construction and operational activities to only such lands to which the licensee possesses legal control, by ownership or by rental, lease, or other agreement; and
3. comply with the requirements of The Heritage Resources Act, and suspend construction and immediately notify the Historic Resources Branch if heritage resources are encountered during the construction of the development.

All other clauses of Environment Act Licence No. 3131 R remain in effect. This approval is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/index.html>.

If you have any questions regarding this approval, please contact Jay Mak, Senior Environmental Engineer, Environmental Approvals Branch at Jay.Mak@gov.mb.ca or 204-619-0709.

For questions relating to the ongoing administration of the licence, please contact Sonja Bridges, Acting Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEWinnipeg@gov.mb.ca or 204-918-4271.

Sincerely,

Original Signed By
Agnes Wittmann
Director
The Environment Act
