Honourable Chief John Stagg:

**Re: Authorization to Use Dauphin River First Nation Wastewater Treatment Lagoon – Environment Act Licence No. 3160**

This is further to liner installation reports from JR Cousin Consultants Ltd. and TREK Geotechnical relative to the recently constructed Storage Cell at the Dauphin River First Nation's wastewater treatment lagoon. The reports were submitted by Mr. David Kelly, P.Eng. of JR Cousin Consultants Ltd. on September 20, 2017. Environment Act Licence No. 3160 (Licence) applies to this lagoon.

The test results indicate that the soil liner of the Storage Cell of the lagoon meets the requirements of Clause 16 c) of the Licence regarding hydraulic conductivity. Authorization to operate the above mentioned cell of the lagoon is provided pursuant to Clause 19 of the Licence. Authorization to operate the Primary Cell of the lagoon was provided on January 20, 2017.

If you have any questions regarding this matter, please contact me at (204) 945-2614 or at [asit.dey@gov.mb.ca](mailto:asit.dey@gov.mb.ca).

Yours sincerely,
