Dear Mr. Arnaud:

**Re: Price Industries Ltd - Notice of Alteration to Licence 3169**

Thank you for the Notice of Alteration (NoA) dated April 10, 2017 and the additional information provided on May 3, 2017. You requested an approval to replace one of the existing caustic etch tanks with an acid etch tank and to install an additional anodizing tank to the anodizing line at your Price Industries facility. It is understood that the existing scrubber system has a design capacity to properly handle the extra emissions due to the additional anodizing tank.

Upon review of your alteration request, I have concluded that the environmental effects of the alteration will be insignificant, and, therefore, in accordance with Section 14(2) of The Environment Act your alteration is approved as described in the April 10, 2017 Notice of Alteration.

If you require further information regarding this matter, please contact Eshetu Beshada at (204) 945-7023 or [Eshetu.Beshada@gov.mb.ca](mailto:Eshetu.Beshada@gov.mb.ca)

Yours sincerely,

Tracey Braun, M.Sc.  
Director
