**SUBJECT: Carlson Engineering Composites Inc – Engineered Composites
Manufacturing Facility (File: 5794.00)**

Air Quality Section has reviewed the above proposal and provides the following comments:

- Based on the submitted information and our SCREEN3 model results, it is expected that the concentration of all concerned pollutants will be well within the air quality guideline. Therefore, it is expected that the proposal has no significant impact on the facility's surrounding air quality.

Thank you for the opportunity to review.
