

Notice of Environment Act Proposal

Manitoba Sustainable Development has received a proposal pursuant to *The Environment Act* regarding the following operation and invites public participation in the review process:

INDIGENOUS & MUNICIPAL RELATIONS - THICKET PORTAGE SEWAGE LAGOON – FILE: 5836.00

A proposal was filed by Indigenous and Municipal Relations of Manitoba for the construction of a new wastewater treatment lagoon that is located within NW-10-73-02-W1M directly south of the community of Thicket Portage. The proposed new wastewater lagoon consists of a three-cell lagoon supplemented with an alum treatment and a UV treatment process. Treated wastewater from the UV treatment process will be discharged intermittently between June 16 and October 31 to an existing culvert beneath Government Road, then into an existing swale which drains to an unnamed seasonal creek and then discharges into Wintering Lake northwest of the community.

Anyone likely to be affected by the above operation and who wishes to make a representation either for or against the proposal should contact the Department, in writing or by E-mail (barsha.sagan@gov.mb.ca), not later than JUNE 27, 2016. Further information is available from the Public Registries located at: Legislative Library, 200 Vaughan St., Winnipeg; Millennium Public Library, 4th Floor, 251 Donald St., Winnipeg; Online Registry: <http://www.gov.mb.ca/conservation/eal/registries/index.html> or by contacting Barsha Sagan, Environmental Engineer at 204-945-5234.

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of *The Environment Act*.
