- Encounter the unique migration of the beloved monarch butterfly.

The unique campground is nestled along the shores of Lake of the Woods. A boat launch lets you access superb fishing throughout the year, June is the best time to try your hand at landing a monster walleye. Or have a winter adventure on the ice looking for a northern pike catch of a life time. The campground has 26 basic sites in a beautiful setting. Pick a lakefront site for a view of the moon rising over the lake as frogs call in the background. During the day, take a stroll in the campground amongst cedar and willow as you look for wild cucumbers.

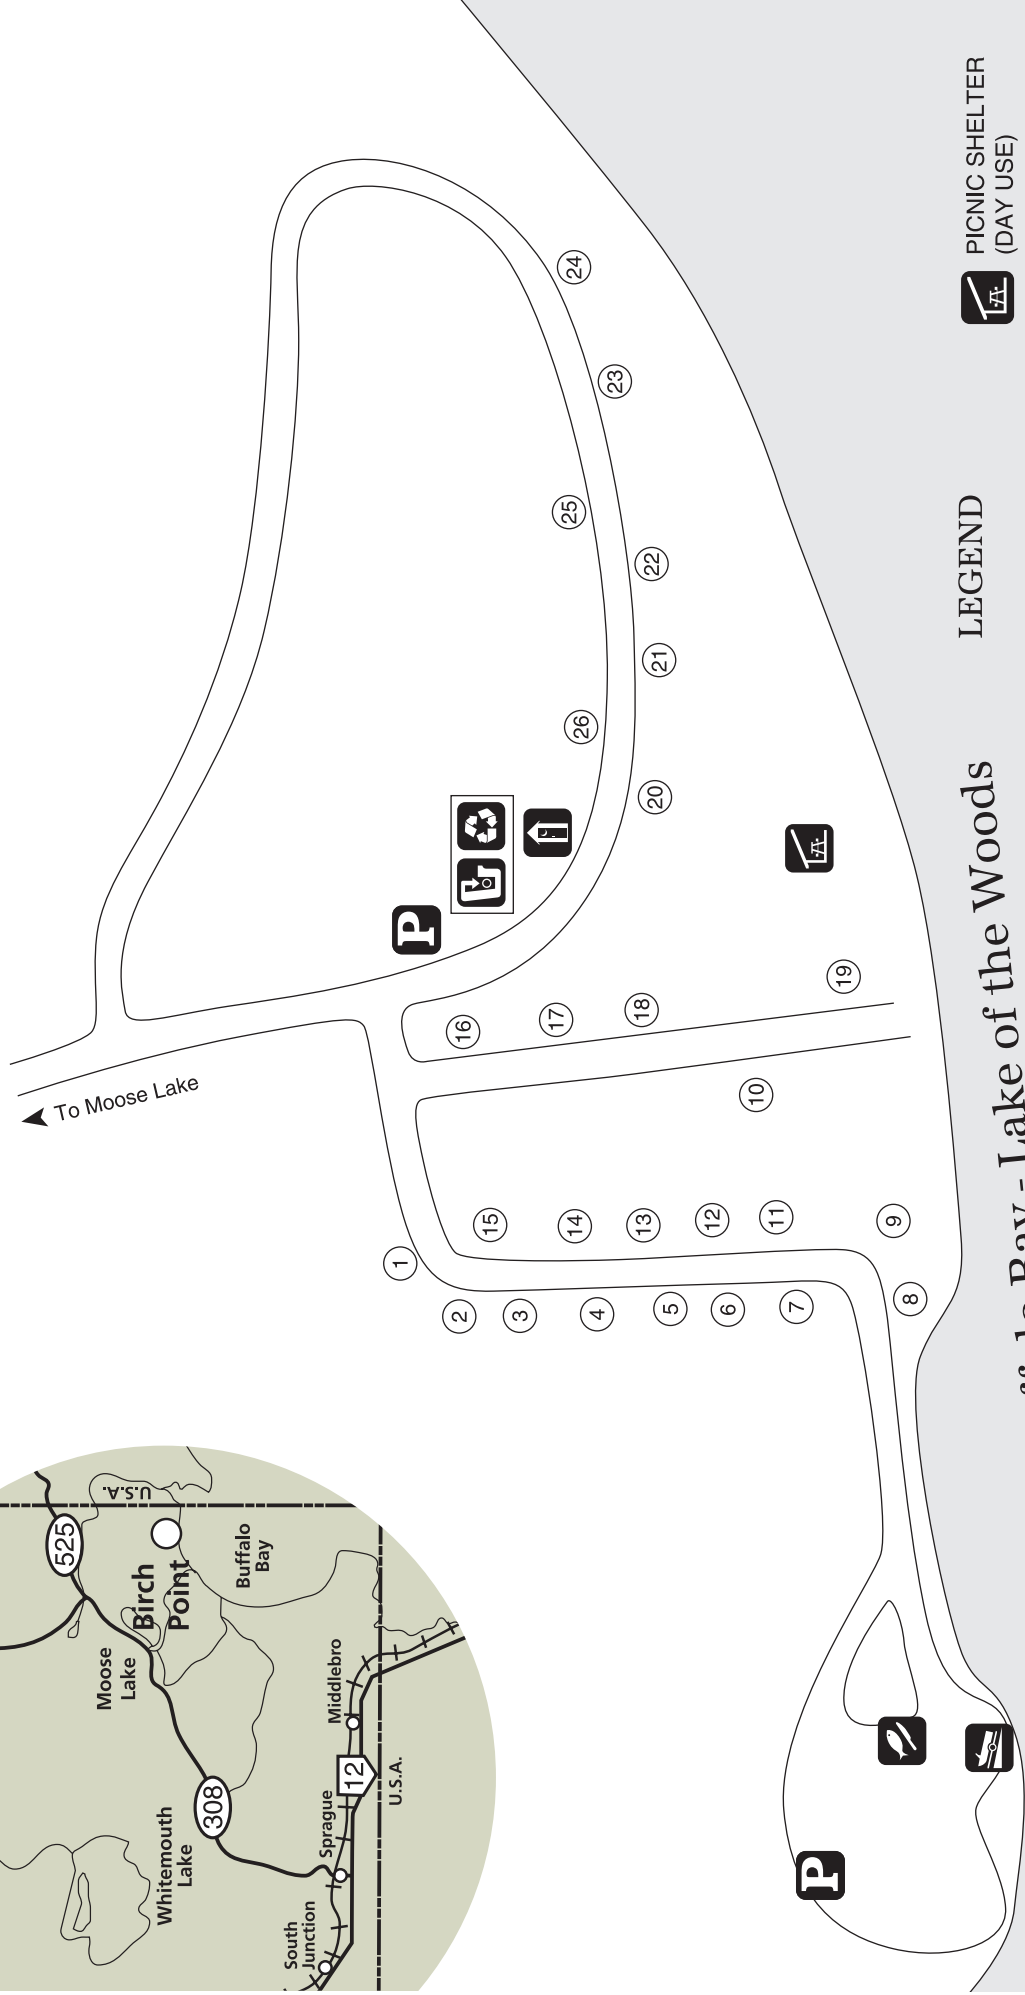

The waters of Lake of the Woods abound with life; look for water otters, loons, mergansers, grebes and pelican bobbing among the waves. Keep your eyes out for Monarch Butterflies in August as they start to wing their way south from the shores of the lake to Mexico.
