Falcon Lake Beach Campground

- Discover the wonders of the Whiteshell

Over 200 lakes situated within the boreal forest of the Whiteshell, sets the scene for an array of wildlife - moose, black bear, mink, fox, warblers and loons to name just a few. Throw in a hook and test your skills with big northern pike, bass and walleye.

Park interpreters ensure that visitors leave their programs enlightened, happy and wanting more. They lead guided tours, stage special events and provide children's activities. At Falcon Lake and West Hawk Lake, watch interpreters present amphitheatre productions involving slide shows, films and special guest presentations during the summer. If you are planning a driving tour, more learning opportunities await at the Whiteshell Fish Hatchery near Caddy Lake or at the Alf Hole Goose Sanctuary in Rennie.

Follow the Whiteshell's many self-guiding trails and discover the natural and cultural features of the park. Falcon Creek self-guiding trail waits to be explored. Part of the Trans-Canada Trail, the South Whiteshell Multi-use Trail connects the area for the enjoyment of hikers, runners, cyclists and cross-country skiers. Tour the water

by canoeing the popular Caddy Lake or Mantario routes.

Falcon Beach is one of the best known campgrounds in Manitoba. Take advantage of its basic, electrical or full-serviced sites. The adjacent townsite offers many recreational activities, services and attractions including an 18-hole golf course, lawn bowling, tennis, miniature golf, riding stables, swimming, fishing, boating, picnic shelters, baseball diamonds and marinas. Services include restaurants, gift shop, laundromat, grocery store, doctor's office, deli and bakery.

Make sure your visit coincides with one of the summer's special events. Introduce your kids to fishing during Family Fishing Weekend, held the second weekend in June. The third weekend in July boasts Canada's Parks Day. August long weekend brings the annual flea market.
