Campground Tips

- Help prevent the spread of aquatic invasive species. Always “Clean, Drain, Dry and Dispose” when using watercraft or water-related equipment.
- Build no fires except in a designated firepit or use a camp stove. Before leaving make sure your fire is completely out.
- Please! Do not litter.
- Be sensitive to wildlife. Bears can be dangerous and should not be fed. Food must be stored away from your campsite, preferably in a locked vehicle, to avoid attracting hungry animals. Do not store food in your tent.
- The use of insect repellent will add to your comfort.
- Learn to recognize and avoid poisonous plants such as poison ivy.
- In case of injury or illness contact a Campground Attendant or Park Patrol Officer. They can assist you to reach medical help.
- Canoeists and hikers travelling in backcountry areas should advise a friend of their intended destination and anticipated length of trip.
- Possession and consumption of alcohol is prohibited in the group use area.
- It is illegal to use or transport elm firewood.
- Moving firewood can spread harmful invasive species and destroy our forests. Protect Manitoba’s trees. Don’t move firewood.

● Enjoy two beaches for a swim or to take your canoe or sailboard out for a spin

Centered on a reservoir, St. Malo Provincial Park has long been a tradition for families and groups seeking a fun and pleasant atmosphere for their gatherings.

Leaves sway and turn with each swell of wind that breaks the silence of a hike through the aspen/oak forest. If you visit the park later in the summer, you’ll probably see berry-pickers along the park’s roadways harvesting wild plums, chokecherries and saskatoons for campfire pancakes.

The natural features that attract campers for weekend visits are the same ones that helped influence residents to live here. The first settlers of the area arrived in the late 1870s, and since then, generations of families have continued to make this region their home.

Families enjoy swimming, fishing, miniature golf and playgrounds. The absence of powerboats gives calm and quiet waters that might not be found on other, more popular lakes. Relax on the two

beaches. The campground is a great place to stay if you are taking part in one of the summer slow-pitch tournaments.

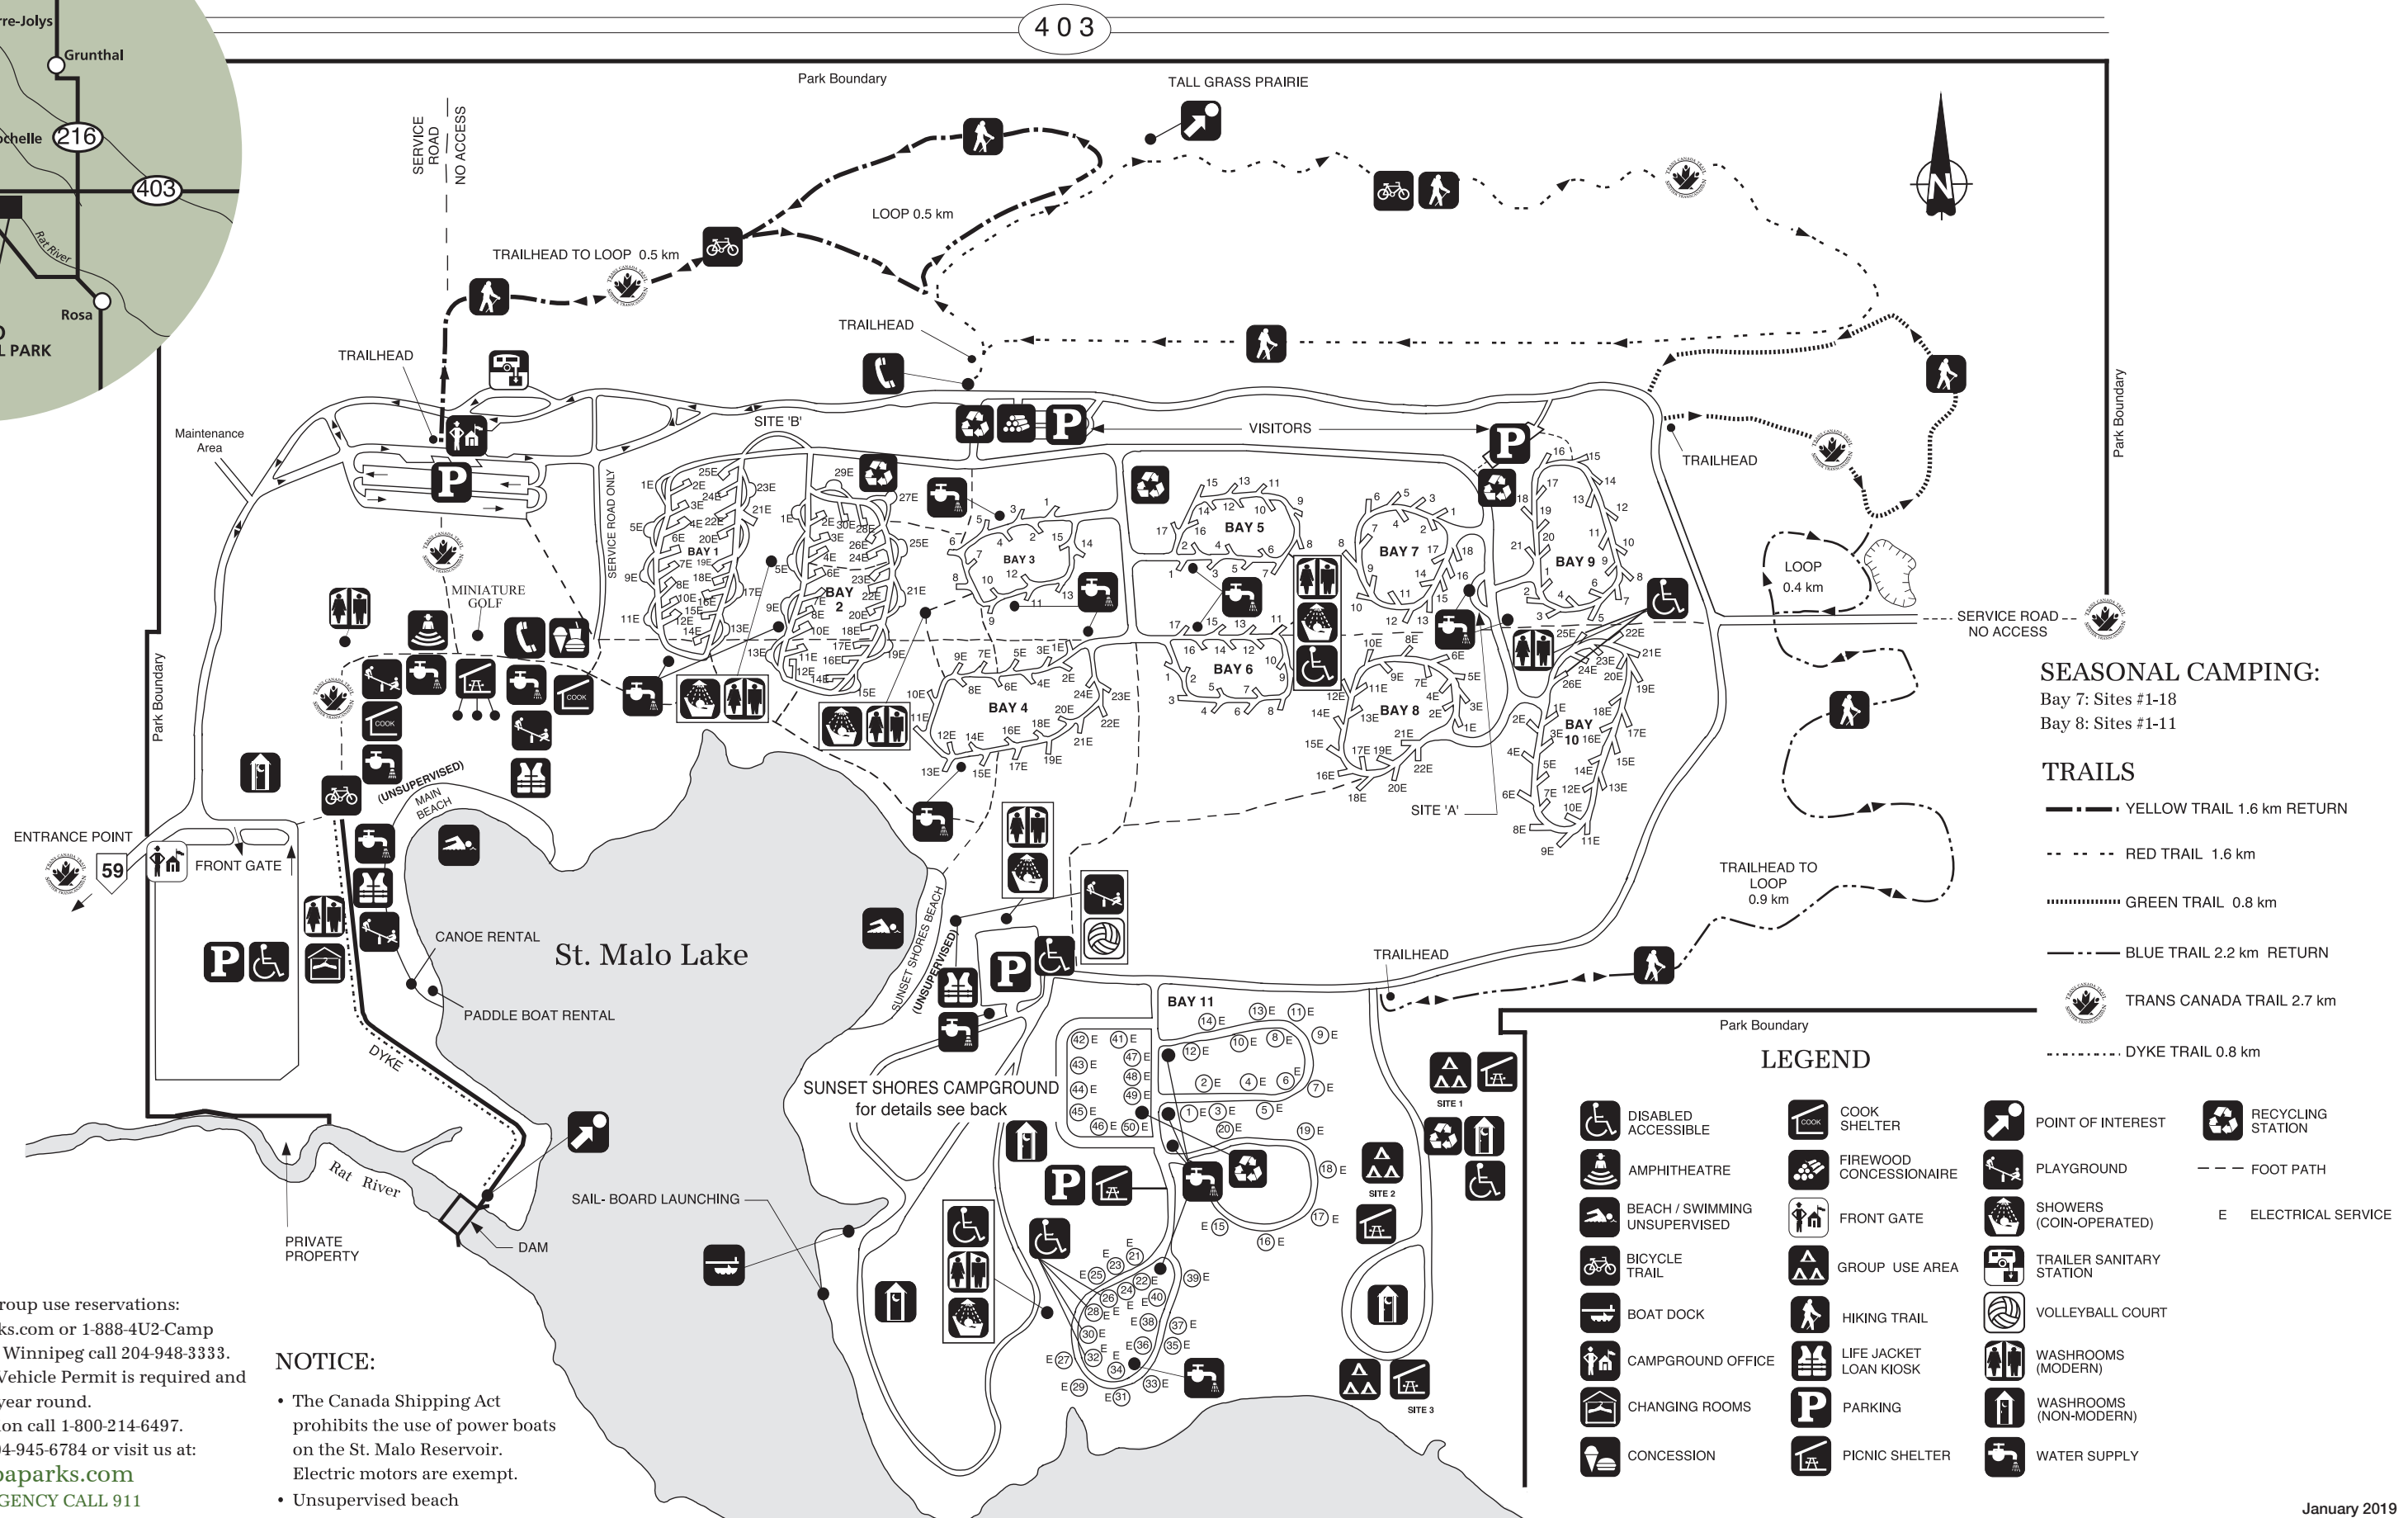

White-tailed deer, ruffed grouse, wild turkeys, geese and a variety of birds can be viewed within a short driving distance from the park - visit the Wildlife Management Areas of St. Malo, an aspen/oak forest, and the Rat River managed marsh.

Summer events in and around the park include the St. Malo Triathlon in June and the annual pilgrimage to Our Lady of Lourdes Grotto and shrine in August. St. Pierre-Jolys offers the Frog Follies in mid July and Steinbach hosts Pioneer Days on the August Long Weekend. Finally the town of St. Malo hosts the St. Malo Summer Festival in September and the Festival of Friends in February.

More information on St. Malo Campground and St. Malo Provincial Park is available on request from the park office.
